

SANI-TAB Clo2 Effervescent Tablet

Hard Surface Disinfectant & Air Purification Spray

Clo2 is now recognized as one of the safest, most effective biocides & sanitizing agents available today... conforming to HACCP guidelines.

Why Chlorine Dioxide (Clo2)?

- * Anti-bacteria & virus control
- * Non Toxic - safe on skin contact
- * Destroys biofilm in water system
- * Prevents trihalomethane & bromate formation
- * Legionella prevention & control
- * Clearing In Process (CIP) without rinse
- * Does not generate harmful by-products
- * Non corrosive on hard surface applications
- * Eliminates bad odour & controls spores, molds & mildews
- * Biodegradable in the environment

Sani-Tabs is a unique disinfectant that kills more than hundreds different pathogen strains, A quick acting formula that neutralizes most organisms in two minutes or less. Just add one tablet with water and ready to use, Sani Tabs is significantly most efficient and cost-effective disinfectant.

Quick Acting Anti-bacterial Solutions

CLEAN - EFFECTIVE - SAVE
ECONOMICAL !!!

Packing: 6 tablets (1g) / strip

 **Product of France**

Wide Area of Application

- » Horticulture, Hydroponic
- » Post harvest disinfection
- » Aquaculture
- » Meat Processing plants
- » Seafood Processing plants
- » Trains
- » Airports
- » Cinemas
- » Marine & Offshore
- » Petshops
- » Evacuation facilities
- » Odour control
- » Livestock
- » Hypermarkets
- » Hotels & Restaurants
- » Warehouse storage of perishable goods
- » General office & Convention Centre
- » Military Facilities
- » Warehouses
- » Educational Facilities
- » Bakeries
- » Cooling towers
- » Process water treatment
- » Drinking water treatment

Agriculture applications & solutions

Solutions :

1. SIGMATECH's disinfection solutions is very effective against all forms of bacteria such as E.coli, Pseudomonas & Legionella.
2. By providing suitable treatment, these diseases can be eradicated in irrigation water, allowing it safe for use.
3. Eliminates most micro-organisms including bacteria, viruses and fungi.
4. All disinfection process carried out by FORMACARE, meets international safety standards following good agriculture practices.

Agriculture - Hydroponics

Destroys fungal & viral infections

- ✓ Strips biofilms from waterlines.
- ✓ Eliminates clogging at drip tubes
- ✓ Destroy fungal & virus infections
- ✓ Controls bacteria build-up
- ✓ Treat irrigation water for disease control
- ✓ Treat captured runoff water for re-use

Soaking & spraying process

- ✓ Treats bacteria from in-coming water supply
- ✓ Strips biofilms from waterlines.
- ✓ Total disinfection of dip tanks
- ✓ Eliminates clogging at spray nozzles
- ✓ Controls bacteria build-up in environment
- ✓ Fruits & Vegetables lasts longer

Bacteria & disease control

Pre-harvest & Post-harvest disinfection

- ✓ Fights The Panama Disease
- ✓ Disinfect soil bacteria at farm - Fusarium
- ✓ Disinfect parasites in water tanks
- ✓ No negative effects to banana plants
- ✓ Disinfect packing line area

Livestock

- ✓ Disinfect incoming water into farm
- ✓ Kills bacteria, fungus & airborne virus
- ✓ No negative effects to livestock
- ✓ Eliminates THM in water lines
- ✓ Eliminates parasite gastrointestinal diseases – "Gardia lambia"

"clean - effective - safe"

Poultry Farms

Clean drinking water

Cleaning in Process

"clean - effective - safe"

Floor Disinfected

Eggs Disinfection

Healthy Farm

Seafood Processing Factory

Eliminates bacteria at farm

Hard surface disinfection

Treats bacteria from water supplylines

End product longer shelf-life

Aquaculture

- ✓ Disinfect & treat incoming water
- ✓ Disinfect water tubs & tanks
- ✓ No negative effects to aquaculture
- ✓ Eliminates THM in water lines
- ✓ Eliminates parasites in tanks
- ✓ Disinfect packing lines

Cold Fogging Application

- Kills bacteria, fungus & airborne virus
- Cages & racks disinfection
- Eliminates molds & odour
- Food tray & storage area
- Ground & ceiling disinfection

Cold Room Facility

- Total fogging & disinfection of room
- Racks & shelves disinfection
- Eliminates molds & odour
- Kills bacteria & fungus effectively
- Control mild dew & spoilages
